## Philips DVP3360K\_55

- New font for OSD and filebrowser.
- New filebrowser (without mp3 tags). See picture.
- New size and position for subtitles.
- 5 fonts for subtitles (Font1....Font5). See picture.
- white or yellow subtitles (with menu - see picture), black outline and transparent background.
- "1 sec. srt. bug" fixed.
- better wordwrap + reformat.
- autoload subtitles.
- GoTo (time search). Press "Back" button twice and enter h:mm:ss to jump.
- Volume level stored.

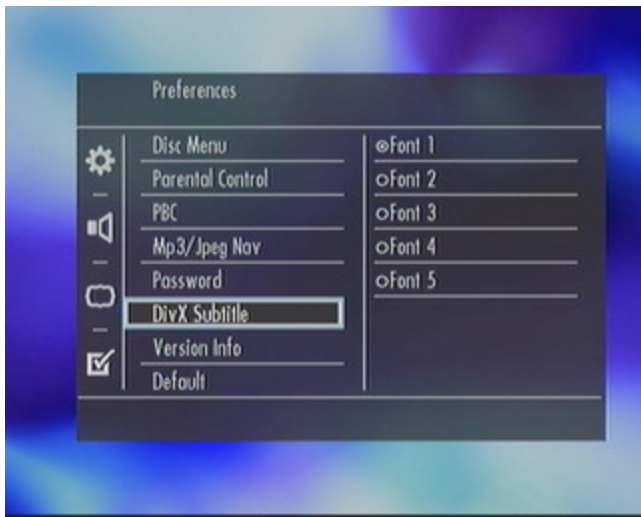

Instruction for upgrading [HERE](#)

**Dave** say:

Works for me also. I had to rename the .bin file, adjust 55 into 98 to match my area (found by open drawer then press 55). Then works fine! Thanks! D.
